Public Policy Center Impacts Every Nebraska County Through Research and Collaborative Projects

Over the past year, the Public Policy Center has maintained a statewide presence, with research and projects impacting every county in Nebraska. Notable projects include efforts to address school behavioral health and safety needs, youth suicide prevention, violence prevention and threat assessment efforts around the state, evaluating and expanding the 988 suicide and crisis helpline, and disaster preparedness and recovery for schools. Our research staff partner with policy makers and other stakeholders to apply rigorous academic methods and actively inform public policy. **Learn more** about our efforts and statewide impact.

Engagement Highlight

Chadron State College Hosts Western Nebraska School Mental Health Conference

Chadron State College hosted the 2023 **Western Nebraska School Mental Health Conference** on March 7, 2023. PPC researchers attended the conference in association with AWARE. Nebraska AWARE aims to put mental health services in schools to address the high level of mental and behavioral

health needs of school-aged children in rural schools, including depression, anxiety, suicide ideation, and trauma. The PPC sponsored 5.0 continuing education hours for psychologists for the conference.

This project, jointly undertaken by the Nebraska Department of Education and Nebraska Department of Health and Human Services Division of Behavioral Health, is made possible through Nebraska's AWARE-SEA grant from the U.S. Department of Health and Human Services Substance Abuse and Mental Health Services Administration.

Community Action Partnership of Lancaster and Saunders County awarded \$25,000 to the PPC

The **Community Action Partnership of Lancaster and Saunders Counties** awarded \$25,000 to the PPC to complete a Community Needs Assessment to better understand the needs and strengths of the community as well as the specific needs of

Head Start eligible families. The assessment will ultimately inform Community Action's program planning to better support community

members. The PPC surveyed stakeholders and conducted three focus groups with community leaders, Head Start staff, and caregivers of children currently enrolled in Head Start. Relevant community data and resources, including data collected from Lincoln Vital Signs, supplemented these findings. The Community Needs Assessment findings were shared with the Community Action Board in March 2023.
